

Filter-Drier for Improved System Reliability

Catch-All®, See-All®, Do-All
Type CSG Filter-Drier

Advantages

Combines the Catch-All's® proven system protection with the See-All's® easy to read system monitoring capability, providing superior protection while reducing installation cost and time.

- Combined unit replaces 2 field-braze joints with factory-tested leak-free design.
- Reduces installation materials.
- Reduces installation time and cost.
- Minimizes the potential for leaks and decreases nuisance call-backs.

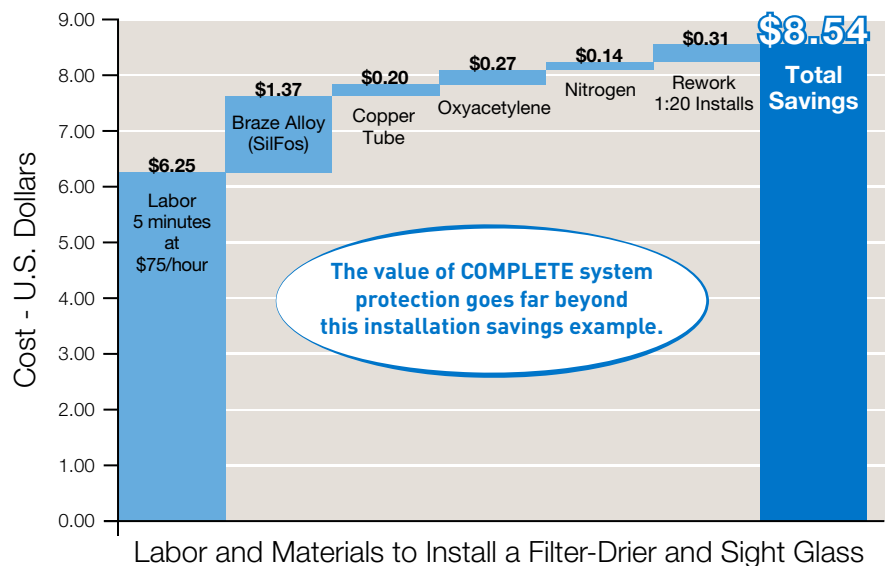

Model Types

CSG-083-S
CSG-084-S
CSG-163-S
CSG-164-S
CSG-165-S
CSG-304-S
CSG-305-S
CSG-307-S
HPCSG-103-S
HPCSG-163-S-HH

Made in the U.S.A.
