**EXISTING PRODUCT DOCUMENTATION UPDATED ON SPORLANONLINE.COM**

To continue the brand updates that were started after the acquisition of Micro Thermo Technologies, all existing documents that are available online at [www.sporlanonline.com/micro-thermo](http://www.sporlanonline.com/micro-thermo) have been updated to indicate proper branding and new contact info and website info.

Please delete any existing copies of these documents from your local files (printed and electronic) and refer to these new copies for any future customer communications.

The appendices list the location and file names for all the updated documents.

Thanks,

A handwritten signature in black ink that reads "Jerry Fix". The signature is stylized, with the first name "Jerry" written in a cursive-like script and the last name "Fix" in a more straightforward, bold script.
