

TO: MT SALES LETTER DISTRIBUTION

SUBJECT: NEW MT CO2 BROCHURE

NEW BROCHURE FOCUSED ON CO2 APPLICATIONS NOW AVAILABLE

To better promote the industry leading position of Micro Thermo CO2 controls in North America, we have created a new CO2 applications brochure.

Form 100-392 "Micro Thermo Technologies CO2 Solutions" provides an overview of the 3 main CO2 applications that we work with, and provides additional details on transcritical CO2 applications where we have significant (and industry leading) experience in North America.

This form is available via Sporlanonline.com under the Micro Thermo "Products" section:

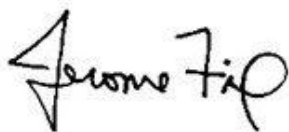

<http://sporlanonline.com/micro-thermo/micro-thermo-products/>

and also in the Micro Thermo literature sharepoint site:

<http://forums/sites/cic/SVD/ebu/MT%20Launch/Literature/Forms/AllItems.aspx>

under "Product Sheets"

Thanks,

A handwritten signature in black ink that reads "Jerry Fix". The signature is stylized, with the first name "Jerry" written in a cursive-like font and the last name "Fix" in a more straightforward, bold font.

Jerry Fix, P.E.
Product Management and Marketing
Refrigeration and AC Electronics
Parker Instrumentation Group
